FOREWORD

The National Education Policy 2020 envisages a system of education in the country that is rooted in Indian ethos and its civilisational accomplishments in all domains of human endeavour and knowledge, while at the same time preparing the students to constructively engage with the prospects and challenges of the 21st century. The basis for this aspirational vision has been well laid out by the National Curriculum Framework for School Education (NCF-SE) 2023 across curricular areas at all stages. Having nurtured the students' inherent abilities touching upon all the five planes of human existence, the *pañchakoshas*, in the Foundational and the Preparatory Stages have paved the way for the progression of their learning further at the Middle Stage. Thus, the Middle Stage acts as a bridge between the Preparatory and the Secondary Stages, spanning three years from Grade 6 to Grade 8.

The NCF-SE 2023, at the Middle Stage, aims to equip students with the skills that are needed to grow, as they advance in their lives. It endeavours to enhance their analytical, descriptive and narrative capabilities and to prepare them for the challenges and opportunities that await them. A diverse curriculum, covering nine subjects ranging from three languages—including at least two languages native to India—to Science, Mathematics, Social Sciences, Art Education, Physical Education and Well-being, and Vocational Education promotes their holistic development.

Such a transformative learning culture requires certain essential conditions. One of them is to have appropriate textbooks in different curricular areas as these textbooks will play a central role in mediating between content and pedagogy—a role that will strike a judicious balance between direct instruction and opportunities for exploration and inquiry. Among the other conditions, classroom arrangement and teacher preparation are crucial to establish conceptual connections both within and across curricular areas.

The National Council of Educational Research and Training, on its part, is committed to providing students with such high-quality textbooks.

Various Curricular Area Groups, which have been constituted for this purpose, comprising notable subject-experts, pedagogues and practising teachers as their members, have made all possible efforts to develop such textbooks. *Poorvi*, the English language textbook for Grade 6 is one of these. Its content comprises stories, poems and narratives that ensure a reflection of their social, cultural and geographical landscapes wherein they are sure to find traces of their lived experiences. *Poorvi* also weaves into its contents snippets from the vast treasure trove of Indian Knowledge Systems, India's artistic and cultural heritage, and embeds values alongside ecological sensitivity, gender equality, digital skills, etc. For all practical purposes, it has, to my mind, succeeded in its curricular goals: first, to foster natural curiosity among students through a proper selection of content, and second, develop among them the core competencies in listening, speaking, reading and writing by intelligently designing various activities around them, thereby seamlessly integrating vocabulary and grammar within meaningful contexts.

However, in addition to this textbook, students at this stage should also be encouraged to explore various other learning resources. School libraries play a crucial role in making such resources available. Besides, the role of parents and teachers will also be invaluable in guiding and encouraging students to do so.

With this, I express my gratitude to all those who have been involved in the development of this textbook, and hope that it will meet the expectations of all stakeholders. At the same time, I also invite suggestions and feedback from all its users for further improvement in the coming years.

ABOUT THE Book

Poorvi, a textbook of English for Grade 6 is developed in alignment with the vision of the National Education Policy (NEP) 2020 and the National Curriculum Framework for School Education (NCF-SE) 2023. Language education is essential for effective communication, aesthetic expression and appreciation. Reasoning and critical thinking are very closely linked with language use, and these are valuable capacities to be developed. Language development plays an important role in the development of perceptual and practical concepts, and also enables us to check our experiences with others to ensure that we have a shared meaning emerging from these experiences.

The textual material developed for the Middle Stage will take children well beyond the Preparatory Stage. Curricular Goals, competencies, and learning outcomes have been the guiding principles while developing the textbook. The Curricular Goals (CG) cover a range of competencies.

CG-1: Student develops independent reading comprehension and summarising skills of a variety of texts (stories, poems, extracts of plays, essays, articles and news reports).

CG-2: Attains the ability to write about thoughts, feelings and experiences of social events.

CG-3: Develops the capacity for effective communication using language skills for questioning, describing, analysing and responding.

CG-4: Explores different literary devices and forms of literature.

CG-5: Develops the ability to recognise basic linguistic aspects (word and sentence structure) and use them in oral and written expression.

CG-6: Develops appreciation the distinctive features of the language, including its alphabet and script, sounds, rhymes, puns, and other wordplays and games unique to the language.

C-6.1: Understands the phonetics and script of the language, the number of vowels and consonants, and how they interact and are used.

C-6.2: Engages in the use of puns, rhymes, alliteration, and other wordplays in the language to make speech and writing more interesting and enjoyable.

C-6.3: Becomes familiar with some of the major word games in the language (e.g., palindromes, spoonerisms, sentences without given letters or sounds, riddles, jokes, *Antakshari*, anagrams, crosswords, etc.)

The Curricular Goals have been covered through a variety of themes and an array of activities. There are five thematic units that comprise stories, poems, conversation, narrative and descriptive pieces. Themes such as friendship, wellness, sports, nature, art and culture, etc. have been included. Cross-cutting themes, such as Indian Knowledge Systems, values, heritage, gender sensitivity and inclusion have been integrated in all the units. Each unit has three literary pieces— story, poem, conversation, or non-fiction. There are intext questions, ‘Let us discuss’ to assess comprehension of the text. The end-of-the-text questions given in ‘Let us think and reflect’ are designed to encourage critical thinking, reasoning, responding, analysing, etc.

Unit 1 ‘Fables and Folk Tales’ offers timeless wisdom through engaging narratives that resonate with young minds. It includes a classic fable as well as a folk tale from Tamil Nadu. The story, ‘A Bottle of Dew’ shows that true success comes from hard work and diligence. This story encourages students to value perseverance as a pathway to success. The poem, ‘The Raven and the Fox’ is a fable told in poetic form where students learn about the futility of vanity and flattery. ‘Rama to the Rescue’ is a graphic story that demonstrates the value of presence of mind in overcoming challenges.

Unit 2 ‘Friendship’ will help students comprehend the meaning of ‘real friendship’ and that friendship has a huge impact on one’s well-being. The story ‘The Unlikely Best Friends’ is a narrative of a unique friendship that blossoms between Gajaraj, the elephant and Buntee, the dog. This story highlights the importance of empathy and how true friendship can bring joy and fulfillment, even in unexpected circumstances. ‘A Friend’s Prayer’ is a poem that reflects the significance of nurturing friendships. ‘The Chair’ is a story in which a grandfather helps Mario, his grandson, to distinguish between real and superficial friends.

Unit 3 ‘Nurturing Nature’ is about the relationship between nature and human beings. The idea that nature has healing powers is inculcated among learners through the selected narratives. This unit encourages students’

curiosity to explore the world around them. ‘Neem Baba,’ is a conversation between Amber and the grand old neem tree. Through the conversation, the students learn about the numerous benefits of the neem tree found in almost all parts of our country. The poem, ‘What a Bird Thought,’ is an empathetic journey that the students partake when they see the world through the eyes of a little bird. ‘Spices that Heal Us’ is a letter from a grandmother about spices that are used at home and have natural healing and recovery processes. This unit upholds the rich knowledge of the herbs and spices, which has been handed down over generations.

Unit 4 ‘Sports and Wellness’ invites students to explore the multifaceted world of physical activity, mental health and holistic well-being. This unit aims to cultivate not only physical fitness but also emotional intelligence, self-awareness and a positive mindset, equipping students with essential skills for navigating the complexities of the new era with confidence and vitality. The story, ‘Change of Heart’ highlights the value of sportsmanship, fair play and enjoying the game regardless of winning or losing. The poem, ‘The Winner’ captures the joy and excitement of childhood games, emphasising the thrill of outdoor play. ‘Yoga—A Way of Life’ is about maintaining a healthy lifestyle, well-being and discipline.

Knowing about the WHO mYoga app also empowers the children to explore yoga in a fun and accessible way, developing physical fitness, mental clarity and emotional resilience in the formative years.

Unit 5 ‘Culture and Tradition’ aims to reawaken the spirit of *Ek Bharat, Shreshtha Bharat* among the students. It also celebrates the indomitable and unwavering creative spirit of our country. ‘*Kalakrityon ka Bharat*,’ enables the students to be aware about the rich heritage of craftwork. Presented in the form of narratives of children from different parts of India, it promotes appreciation of various art forms. The poem, ‘The Kites’ is an autobiographical account of a kite and its invincible spirit. ‘Ila Sachani: Embroidering Dreams with her Feet’ is a tribute to the persistence of a young girl. The story on Ila Sachani with special needs introduces the learners with traditional embroidery highlighting the fact that one can overcome challenges and can achieve success beyond limits. The real-life narrative is evidence of how challenges

can be turned into opportunities with focus, hard work, positivity and never giving up. The poem, ‘National War Memorial’, is to recite and appreciate the spirit behind it.

These literary pieces are not only entertaining but also instill valuable life lessons, fostering personal growth and helping children navigate social situations with confidence. The selected pieces will resonate with children’s daily experiences and encourage positive values like resilience, empathy and emotional intelligence that can have a profound impact on their development.

The focus of the book is developing competencies of listening, speaking, reading and writing while developing vocabulary and grammar in context. Language learning becomes meaningful when connected to the immediate environment of learners and they express their thoughts, feelings, experiences through experiential learning. All the activities are colour coded under the headings—‘Let us discuss’, ‘Let us think and reflect’, ‘Let us speak’, ‘Let us listen’, ‘Let us learn’, ‘Let us write’ and ‘Let us explore’. Transcripts for ‘Let us listen’ are given at the end of each unit. Students can listen to the audio provided in the QR code for each unit. In-text activities and exercises at the end of each chapter are engaging—they promote joyful learning along with assessment as and for learning. Illustrations have been designed depicting the context to enhance learning.

We sincerely hope that the students will enjoy doing these activities, and that these will help develop the desired and intended language competencies.

Poorvi

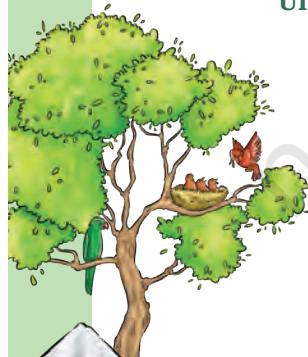

The textbook of English for Grade 6 is titled *Poorvi* after the Indian *rāga* ‘Poorvi’. This *rāga* is said to promote harmony and serenity. It is associated with dusk, specifically sunset time (*Sandhi Prakash*). Each *rāga* in Indian music carries its own emotional significance and is symbolically connected to certain seasons, times of day, and moods. *Rāgas* are believed to evoke specific emotions in listeners.

Poorvi is an ancient and traditional Hindustani classical *rāga* that originated in eastern India. It is typically performed during the fourth *prahar* of the day, between 3 p.m. and 6 p.m. It evokes a sense of calmness and contemplation in the journey of learners, symbolising a harmonious blend of traditional and modern learning.

UNIT 1

FABLES AND FOLK TALES

A BOTTLE OF DEW

Let us do these activities before we read.

I Circle the picture that matches with each word. Check your answers by sharing them with your classmates and teacher.

1. worried

2. plantation

3. sage

4. surprise

II Answer these questions and discuss them with your classmates and teacher.

1. Think of a time when you worked hard. What did you do then?
2. How did it help you?
3. How did it make you feel?

Let us read

I

Rama Natha was the son of a rich landlord. His father left him **large tracts of land** when he died. But Rama Natha did not spend even one day looking after his land. This was because he had a funny idea—he believed there was a magic **potion** that could turn any object into gold. He spent all his time to learn more about this potion. People cheated him often, promising to tell him about it, but he did not **give up**. His wife, Madhumati, was tired of this and also worried because she saw how much money Rama Natha was spending. She was sure that soon they would be without money.

One day, a famous sage called Mahipati came to their town. Rama Natha became his follower and asked him about the potion. To his surprise the sage answered, “Yes, in my travels in the Himalayas, I heard how you could make such a potion. But it is difficult.”

“Tell me!” requested Rama Natha, not believing his luck.

“You have to plant a banana plant and water it regularly with your hands. In winter, the morning **dew** is on the leaves. You have to collect the dew and store it in a bottle. When you have five litres of dew, bring it to me. I will **chant** some magic words, which will turn it into the magic potion. A drop of the potion will change any object into gold.”

large tracts of land: large areas of land

potion: a liquid with magical properties

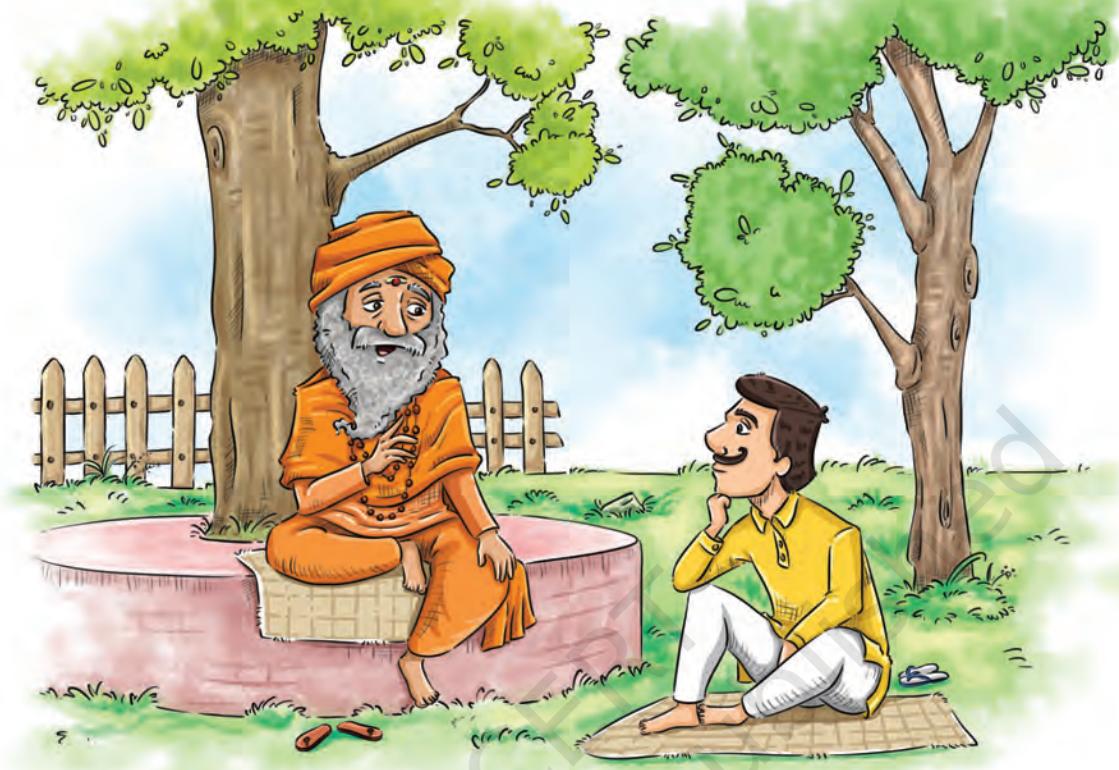

give up: stop trying

dew: small drops of water on leaves that form during night

chant:
to repeat or sing a word or phrase

Rama Natha was worried. “But winter is only for a few months. It will take me years to collect five litres of dew.”

“You can plant as many banana plants as you want. But remember, you must look after them yourself and collect the dew with your own hands.”

Let us discuss

1. What did Rama Natha believe?
2. How did the sage help Rama Natha?
3. Do you think Rama Natha will be able to collect the dew? Give a reason.

II

Rama Natha went home, and after talking to his wife started cleaning his large fields, which had been lying empty all these years. There he planted rows and rows of banana plants. He **tended** them carefully and during the winter months collected the dew that formed on them with great care. His wife helped him too. Madhumati gathered the banana crop, took it to the market and got a good price for it. Over the years, Rama Natha planted more and more plants and they had a huge banana plantation. At the end of six years, he finally had his five litres of dew.

Carefully, he took the bottle to the sage. The sage smiled and **muttered** something over the water. Then he returned the bottle and said, "Try it out." Rama Natha sprinkled a few drops on a copper vessel and waited for it to turn to gold. To his surprise nothing happened!

"This is cheating," he told the sage. "I have wasted six **precious** years of my life."

But sage Mahipati only smiled and called Madhumati to come forward. She came with a big box. When she opened it, inside shined stacks of gold coins!

Now the sage turned to the very surprised Rama Natha and said, "There is no magic potion that can turn things into gold. You worked hard on your land and created this plantation. While you looked after the trees, your wife sold the fruits in the market. That's how you got this money. It was your hard work that created this wealth, not magic. If I had told you about this earlier, you would have not listened to me, so I played a trick on you."

Rama Natha understood the **wisdom** behind these words and worked even harder on his plantation from that day on.

SUDHA MURTY

muttered:
spoke in a low voice

precious:
valuable

wisdom: deep understanding

Let us discuss

1. Why was Rama Natha angry?
2. How did Rama Natha and Madhumati create wealth?

Let us think and reflect

I Read the following lines and answer the questions that follow.

1. He spent all his time to learn about the magic potion. People cheated him often, promising to tell him about it, but he did not give up. His wife, Madhumati, was tired of this and also worried because she saw how much money Rama Natha was spending. She was sure that soon they would be without money.

(i) Complete the sentence with a suitable reason.

Rama Natha did not ‘give up’ because _____.

(ii) Read the column which shows ‘what happened’ and write the correct outcome in the next column.

What Happened	Outcome
A. People promised to tell Rama Natha about the magic potion.	
B. Rama Natha was spending a lot of money.	

(iii) Write whether the following statements are True or False.

A. Madhumati was troubled about what her husband did.

B. Rama Natha was very happy digging his fields.

C. The sage wanted to show the right path to Rama Natha.

2. Carefully, he took the bottle to the sage. The sage smiled and muttered something over the water. Then he returned the bottle and said, “Try it out.” Rama Natha sprinkled a few drops on a copper vessel and waited for it to turn to gold. To his surprise nothing happened!

(i) Choose the option that lists the events given below in the correct order.

A. The sage smiled.

What he did before meeting the sage	What he did after meeting the sage
(i)	(i)
(ii)	(ii)

Let us learn

1. Read the following words from the story.

promised	spending	cheated	luck
remember	huge	difficult	market

Use the words correctly to complete the paragraph given below. There are two extra words in the box that you do not need.

There was a farmer who had a _____ coconut plantation. He worked hard and did not depend on _____. Every day was _____ but he did not give up. One day, a man bought a bag of coconuts from him, and _____ to pay him the money the next day. Days passed and the man did not pay him anything. The farmer felt _____. About two months later, he met the same man and asked him about his money. The man said, “Oh! I had forgotten. Now, I _____ buying coconuts from you.” And he paid the money.

2. Read the words from the story in Column A. Read the new words in Column B. Complete the meanings of the words given in Column B. Meanings of some words are given below.

Column A	Column B	Meaning of words in Column B
I	eye	
your	you're	short form of ‘you are’
dew	due	happening at some time in the future
son	sun	
one	won	past tense of win
ate	eight	
see	sea	

The words given in each row of the table above have the same sounds but different spellings and meanings. Such words are called **homophones**.

3. Choose four pairs of homophones from the table above, and for each pair write a sentence that uses both homophones in the same sentence. Check your answers by sharing them with your teacher and classmates. An example has been given below:

I ate eight bananas for breakfast today.

4. Match the phrases in Column A with the phrases in Column B. Use the connecting words given in the middle column to make meaningful sentences.

Column A	Connecting Words	Column B
The children submitted their work (When?)	because	the bell rang.
He did not want to try rock climbing (Why?)	before	there was a traffic jam.
The children ran towards the gate (When?)	as soon as	the deadline.
Nitin was late to school today (Why?)	as	of his fear of heights.

Now, write the new sentences in your notebook.

5. Here are two sentences with letter 'b'.

Read them slowly the first time. As you read them a few more times, read them faster each time.

Bunty bhaiya bought a big bunch of bananas.

A big bunch of bananas was bought by Bunty bhaiya.

Now, try to create a tongue twister on your own and share it with your peers.

Let us listen

You will listen to what Madhumati does with the bananas from her plantation. As you listen, number the events in the correct order in which they happen. Write the number in the box beside each event. (refer to page 36 for transcript)

1. Gives two bananas to a boy who is hungry
2. Meets her friend Kalawati in the market
3. Visits her mother and gives her two dozen bananas
4. Chooses to go home as only some bananas were left
5. Visits her neighbour and gifts them a bunch of bananas
6. Gives twelve bananas to her friend
7. Goes to the market to sell the bananas

Let us speak

I Read aloud the following words from the story.

sage promising wisdom trees surprise

All these words have the letter ‘s’ in them. But the sound of letter ‘s’ is not always the same.

- in sage and promising – the letter ‘s’ has a /s/ sound
- in wisdom – the letter ‘s’ has a /z/ sound
- in trees – the letter ‘s’ has a /z/ sound
- in surprise – the first letter ‘s’ has a /s/ sound and the second has a /z/ sound

Now, speak each word clearly along with your teacher and classmates. Your teacher will now say some words. Listen carefully to the sound of ‘s’. Write the sound next to the word.

A green rectangular box containing two images. The left image shows a bunch of blue Java bananas hanging from a stem. The right image shows a close-up of a hand holding a single ripe blue banana, which has a smooth, blue skin and a curved shape.

There is a special kind of banana called the Blue Java banana. This banana has got its name from its blue skin. It is also known as Ice Cream banana as it is so creamy and tastes like ice cream. It is grown in South East Asia and Hawaii. These banana plants grow to a height of fifteen to twenty feet.

- II Which animal is shown to be cunning in stories? Circle the correct answer.
1. tiger
 2. fox
 3. bear

Let us read

Mr Raven was perched upon a limb,
And Reynard the Fox looked up at him;
For the Raven held in his great big beak,
A morsel the Fox would go far to seek.

Said the Fox, in admiring tones: "My word!
Sir Raven, you are a handsome bird.
Such feathers! If you would only sing,
The birds of these woods would call you King."

The Raven, who did not see the joke,
Forgot that his voice was just a croak.
He opened his beak, in his foolish pride—
And down fell the morsel the Fox had eyed.

“Ha-ha!” laughed the Fox. “And now you know,
Ignore sweet words that make you glow.
Pride, my friend, is rather unwise;
I’m sure this teaching is quite a surprise.”

I

Gajaraj, the elephant, lived in the best **booth** of the royal **stables**. The king was fond of Gajaraj, and he had ordered that the elephant should be well looked after.

In spite of royal comforts, Gajaraj was sad because he had no friends. The mahout, or elephant trainer, was the only one he ever **interacted with**. The mahout was a kind man who served Gajaraj food, and gave him a bath in the elephant pond daily. He was a good caretaker, but not a friend.

“I wish I had a friend I can play with,” thought Gajaraj. One late evening, a dog **strayed** into the stable. Gajaraj could see that the visitor was tired and hungry. He pushed

some of the food he was **munching** towards the dog. The visitor **wagged** his tail, looked up at the elephant to **convey** his thanks, and then turned his full attention to the food in front of him. As soon as he finished eating, he fell asleep.

The next morning, the mahout found the stray dog in the stable. He did not mind the dog. He also noticed that Gajaraj seemed to like the company. So, he threw some **crumbs** to the dog, which the animal accepted wagging his tail.

When the elephant went out for a bath, the dog **accompanied** his friend. **Plunging** into the water, the elephant gave himself a shower using his long **trunk**, as the dog watched. The elephant took a trunkful of water and playfully **splashed** the water on his friend. The dog **yelped** for he hated taking showers. The mahout laughed.

On their way home, the elephant picked up the dog with his trunk and placed him on his back. The dog was **delighted** to get a ride.

A farmer passing by saw the dog. “Buntee,” he yelled. The dog ran to him. The farmer **hugged** the dog and told the mahout that he was looking for his dog ever since he **disappeared** from his house. He was glad he found him now. The mahout had no objection to the farmer taking the dog home. The farmer tossed a rope round the neck of the dog, saying, “Come Buntee, let’s go home.”

2. Why did the farmer hug Buntee?
3. Do you think Buntee will leave Gajaraj and go home with the farmer?

Only when the farmer pulled the rope did the dog **realise** that he was being taken away from his friend. He yelped, the elephant **winced**, but neither the farmer nor the mahout noticed that the two friends were in tears.

The next day at lunch time the mahout served Gajaraj his favourite food. When the mahout came back after finishing his other **chores**, he was surprised to see that the food had remained untouched.

"Why Gajaraj, aren't you hungry?" he asked concerned. The elephant did not react. "He may have **slight indigestion**. Let me not force him to eat," thought the mahout.

That night too, Gajaraj did not touch his food—nor the next day. Now, the mahout was worried. He ran his hand on Gajaraj's **tummy** and felt there was nothing wrong. "Why was he not eating then? Is he missing his friend, that dog?" the mahout wondered.

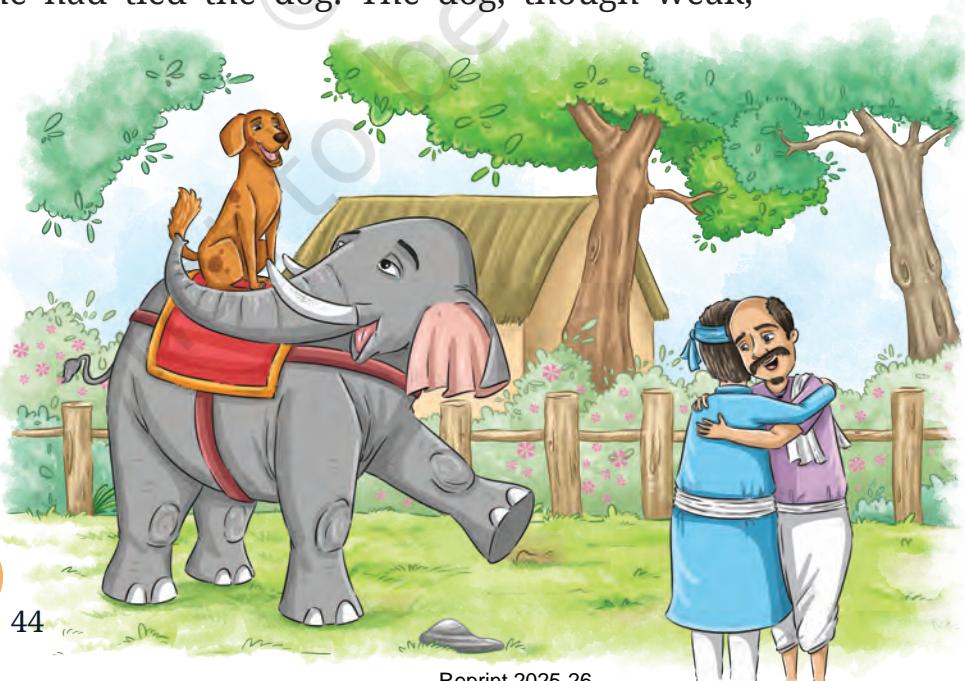

Meanwhile at the farmer's house, the dog had also not touched his food ever since he was brought home.

"Are you missing your friend?" asked the farmer remembering the happy look on Buntee's face while sitting on the elephant's back. "I cannot see you go hungry," said the farmer, "If you miss your friend so much, go to him."

The farmer removed the rope with which he had tied the dog. The dog, though weak,

The elephant picked up the dog with his trunk and gave him a **joyous swing**. The mahout was **relieved**. He quickly brought the food. "Both of you eat first," he said.

By then the farmer who had followed the dog, joined him. The two of them watched with **satisfaction** the two friends eating food. "It's not only Gajaraj who has found a friend," said the mahout hugging the farmer, "I've also found one."

I Read the following lines and answer the questions that follow.

1. *In spite of royal comforts, Gajaraj was sad because he had no friends. The mahout, or elephant trainer, was the only one he ever interacted with. The mahout was a kind man who served Gajaraj food, and gave him a bath in the elephant pond daily. He was a good caretaker, but not a friend.*

III How did the mahout come to know that Gajaraj was sad?

IV Why do you think Buntee licked the farmer’s hand?

V What was ‘unlikely’ about the friendship of Gajaraj and Buntee?

Let us learn

1. Gajaraj was **sad** without a friend and when he met Buntee, he was filled with **joy**. ‘Sad’ and ‘filled with joy’ are opposites. Opposites can also be formed by adding some letters before a word. For example, un- unhappy, in- incorrect, dis- disconnect, mis- misuse.

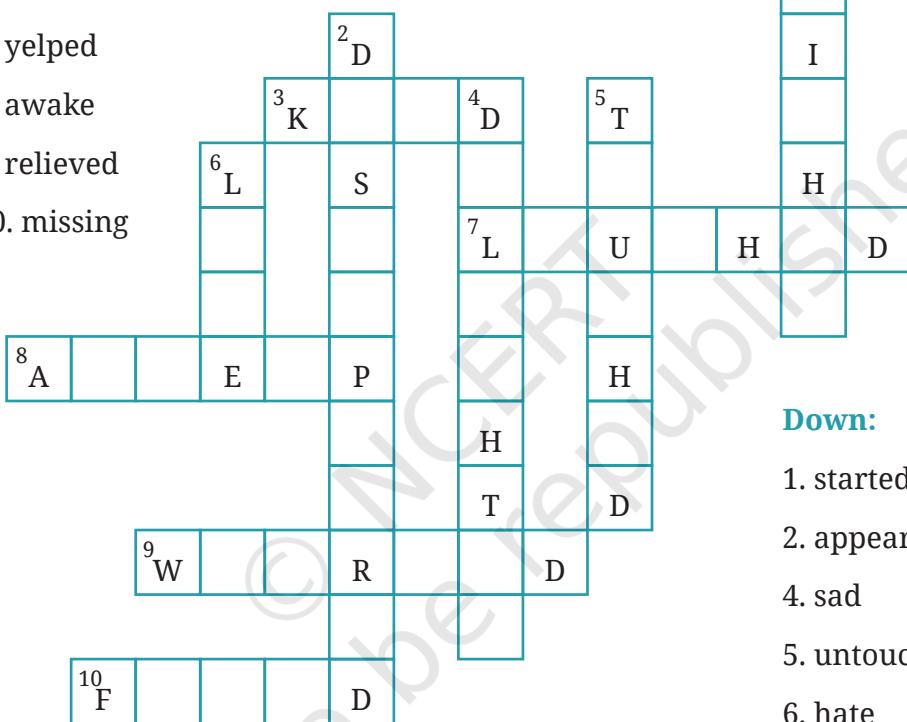

Now, take help from the words given as hints and fill up their opposites in the puzzle. (Note: All the words are from the story you have just read.)

We are opposites!

Across:

- 3. unkind
- 7. yelped
- 8. awake
- 9. relieved
- 10. missing

Down:

2. Now, complete the paragraph with some of the words you have used in the puzzle.

My pencil was _____. I was very _____ as it was a gift from my friend. I woke up my elder brother who was _____ on the bed. I told him that my pencil seemed to have _____. He _____ and told me to look under my pillow. I was _____ when I _____ the pencil there.

3. The words that tell us about an action are called verbs. In the story, the author tells us what happened before. To do that, the past form of the action word (verb) is used. Let us learn about the three forms of past tense.

Simple Past Tense	Past Progressive Tense	Past Perfect Tense
Used to show that the action had happened earlier. • second form of the verb + add -d or -ed to the verb	Used to show that the action did not finish and was going on. • I/He/She/It + was + verb + ing • We/You/They + were + verb + ing	Used to show that the action was completed. • had + third form of the verb

Given below are some verbs from the story. Put the verbs in their correct column in the table given above.

Select the correct form of the verb to complete the passage. Check your answers with the teacher.

The farmer came back and _____ (noticed/was noticing/had noticed) that Buntee was sad. He _____ (tied/ was tying/had tied) Buntee with a rope the day before. He _____ (asked/was asking/had asked) Buntee why he was sad. The farmer _____ (felt/was feeling/had felt) that Buntee _____ (missed/was missing/had missed) Gajaraj and set him free.

- ‘...neither the farmer nor the mahout noticed that the two friends were in tears.’

The words ‘neither’, ‘nor’ are used to state that the farmer and the mahout did not notice the same thing. ‘Neither, nor’ connect two negative choices. For example: Neither Rohit nor I want to play football.

When you need to choose between two things that you want, you may use ‘either, or’. For example: Rohit wants to play either cricket or kho-kho. It means Rohit wants to play cricket or Rohit wants to play kho-kho. Discuss the given sentences with your teacher to practise.

- Neither Shikha nor Anuj like to tell stories.
- Either Bhavesh or Abha made this painting.

3. There are so many words for a friend. What do you call ‘a friend’ in your own language?

Let us read

I

There was a boy called Mario who loved to have lots of friends. He **showed off** a lot, always talking about how many friends he had at school, and how he was so friendly with everyone.

One day his grandfather said to him, “Mario, I bet you a fruit *chaat*. You don’t have as many friends as you think you have. I’m sure many of them are nothing more than companions or partners.”

Mario **accepted** the bet **readily**. However, he wasn’t sure how he could test whether his schoolmates were real friends or not. So, he asked his grandpa for help. He suggested, “I have exactly what you need. It’s in the **attic**. Wait here a minute.”

Grandpa left, soon returning as though carrying something in his hand, but Mario could see nothing there.

“Take it. It’s a very special chair. As it’s **invisible**, it’s rather tricky to sit on it. But if you take it to school and manage to sit on it, then

showed off:
boasted

accepted:
agreed to
readily: without any problem
attic: a storage space in a house just under the roof

invisible:
impossible to see

the magic will work and you'll be able to tell who your real friends are."

Let us discuss

1. Mario was very proud of having so many friends.
State whether True or False.
2. What did the grandfather take from the attic?

"Nobody move. You're about to see something **amazing**."

determined:
firm in decision

amazing: very surprising

Mario tried sitting on the chair. Having difficulty seeing it, he missed and fell straight onto his backside. His classmates had a pretty good laugh.

“Wait, wait, just a slight technical problem,” he said, trying again. But again, he missed the seat, causing more surprised looks and laughter. Mario wouldn’t give up. He kept trying to sit on the magic chair and kept falling to the ground until, suddenly, he tried again and didn’t fall. This time he sat, hanging in mid-air.

Then he finally **experienced** the magic that his grandfather had been talking about. Looking around, Mario saw Guneet, Asma, and Deepa—three of his buddies—holding him up, so he wouldn’t fall. Meanwhile, many others

experienced:
felt

he'd thought of as friends had done nothing but made fun of him, enjoying each and every fall.

Leaving with his three friends, he explained to them how his grandfather had so cleverly thought of a way to show him that true friends are those who care for us. A friend wouldn't be someone who takes joy in our bad luck.

That evening the four children went to see Mario's grandpa as he had won the bet. They had a great time listening to stories and eating a lot of fruit *chaat*. From then on, they used the magic chair test on many occasions and whoever passed became friends for life.

THE UNLIKELY BEST FRIENDS

Let me tell you a story of a cow and a leopard from Vadodara in Gujarat who became friends. As you know, a leopard is a wild animal and a cow is a domestic animal. Some people say that the cow took care of the leopard cub like a mother. When the cub became older, it went away from the village. It returned to meet the cow at night. The villagers were worried but they never stopped the leopard. They saw that the leopard just sat beside the cow quietly. The cow and leopard spent time by relaxing and playing with each other. The leopard did not like the villagers and stopped coming regularly. The villagers were surprised that the leopard never attacked the cow but became its friend.

Let us read

Amber returned from school and sat down in the shade of the neem tree in her courtyard. She felt that the tree was whispering to her. She looked at the tree and spoke to the tree.

I

- Amber** : *Namaste!* I am Amber. I would like to talk to you. May I?
- Neem Baba** : Sure, dear Amber. I know you. You played in my shade in your childhood. You may call me 'Neem Baba'.
- Amber** : I have seen you almost everywhere. Please tell me something more about yourself.
- Neem Baba** : I am very old. I was born millions of years ago somewhere in North India or Myanmar. Soon, my family spread outside India.
- Amber** : Outside India? Where else can neem be found?
- Neem Baba** : My family can be found in many Asian and African countries and even in some parts of America.
- Amber** : That's wonderful! Who gave you your name?

Neem Baba : The story of my name is very **thought-provoking**. I was born in India and given Sanskrit names such as *Arishta* (the one who cures diseases), *Nimba* and *Nimbaca*. The name ‘*Neem*’ is given by the Iranians.

thought-provoking:
interesting

Amber : Really?

Neem Baba : Yes, in Hindi, my name is *Nimb*. In India, I have other names—*Nim*, *Leembā*, *Nimori*, *Nimbamond*, *Nimbe* and *Nimo*.

Amber : You are so well known! That is wonderful.

Neem Baba : Dear Amber, we become well known for what we do. People find us useful and that is why they know us. Scientists call us ‘bitter **grace** of God’, ‘nature’s gift to man’, and ‘cleanliness-parting tree’. Some even call us ‘magic tree’ and ‘the tree of the twentieth century’.

grace: blessing

Let us discuss

Amber found many facts about the neem tree from Neem Baba. Fill up the fact sheet based on what Neem Baba told her.

Amber

: I know that people clean their teeth with your **twigs** and protect clothes with your leaves. Sometime back, when my brother had **measles**, the doctor told us to put neem leaves on his bed and make him lie down on them. Can you explain why?

Neem Baba : The doctors know that neem leaves have chemical properties that destroy germs. Measles cause **itching** all over the body. Neem leaves give comfort and do not allow germs to **breed**. Neem leaves, bark, flowers, fruits and even roots can be used to make medicines to cure many diseases.

twigs: small thin branches

measles: disease with fever and red spots on skin

itching: feeling the need to scratch

breed: grow

Amber

: Yes, I once had a cough and I could not breathe properly. My grandmother cured me with a medicine made from neem bark. And when my father had itching in the eyes, she prepared a kajal from neem flowers, which cured him.

Neem Baba : Oh, little Amber, you know so much. Remember, these remedies are to be used only by people who are well trained and have a lot of experience.

Amber

: Yes, I will. Tell me Neem Baba, is there any use of neem for the farmers?

Neem Baba : Yes. If the powder of neem seeds is mixed in water and sprayed on plants and trees, then **locusts** don't eat them. If it is used in rice fields, where water remains standing, it stops mosquito breeding and helps to increase crop yield. It also saves the crop from **termites**, which eat roots of the crop, and it also stops breeding of other insects that eat crops.

Amber

: That means, if we put the powder of neem seeds in **stagnant** water around our homes, mosquitoes

locusts: flying insects that damage crops

termites: insects that damage wood and buildings

stagnant: not flowing

won't breed in them! This must be a **cost-effective** method to stop mosquitoes from breeding. Please tell me other uses of neem in our daily life.

cost-effective:
good outcome in
least amount of
resources

Neem Baba : Of course. People save their stored grains from insects by adding neem seed powder to them. Neem oil is also used to make soaps and toothpaste. Furniture made from neem wood is not eaten by termites. Neem also **purifies** the air. There are many qualities yet to be discovered. Will you discover them when you grow up?

purifies:
removes harmful
particles

Amber : Yes, Neem Baba. I will. Thank you for your time today!

Neem Baba : Bless you, my child!

II Words that tell us what a person is doing are called **verbs**. In the table given below, match the verbs in the first column showing action in the present to verbs in the second column showing action in the past. Make a sentence with any one form of the verb. One has been done for you.

1. become	(i) made	1. (iv)	I want to become a teacher when I grow up.
2. find	(ii) gave		
3. make	(iii) told		
4. discover	(iv) became

III Amber speaks to Neem Baba as if speaking to a person. This figure of speech is called **personification**. Let us look at some more examples.

- The leaves whispered in the wind.
- The flowers danced merrily in the breeze.

Now, discuss it with your classmates and teacher.

Let us listen

You will now listen to a boy speaking to his mother. As you listen, select the correct statements. (*refer to page 101 for transcript*)

1. The mother was surprised to know that Peepal Baba had planted trees all over the country.
2. The mother disliked the work being done by Peepal Baba.
3. The mother wanted to know more about Peepal Baba.
4. The boy decided to take care of trees by listening to Peepal Baba's journey.
5. The boy was worried about what his teacher had told him.

Let us speak

Collect dry leaves of four different trees and plants around you.

1. Make one card as given below. On the top, draw the shape of the leaf looking at the dry leaf and colour it. Inside the card, write the name of the tree/plant the leaf is taken from and one of its uses.
2. Now, speak about the whole process of making the card in front of the class.
3. Ask your classmates to identify the leaf and tell them one of its uses. After they answer, open the card, and share what you have written.

Let us write

You have read about Neem Baba and learnt many things about the neem tree. Look at the trees in your neighbourhood and write a paragraph about any one tree that you like.

- Where it is (roadside/park, etc.)
- How it looks (height, tree trunk, leaves, flowers, etc.)
- Why you like it (shade, medicinal properties, shelter, beauty, etc.)
- Give a title to your paragraph.

Let us explore

When people from Persia came to India and saw that a common tree of their country was freely growing here, they started calling the tree *Azad Darakhte Hindi*. So, the scientific name of Neem in Latin became *Azadirachta indica*.

Neem has different names in the Indian languages. Discuss with your teacher and find out which Indian languages these names belong to.

Let us read

I lived first in a little house,
And lived there very well,
I thought the world was small and round,
And made of pale, blue shell.

I lived next in a little nest,
Nor needed any other,
I thought the world was made of straw,
And nestled by my mother.

One day, I fluttered from my nest,
To see what I could find,
I said the world is made of leaves,
I have been very blind.

At length I flew beyond the tree,
Quite fit for grown-up labours,
I don't know how the world is made,
And neither do my neighbours.

4.			Asafoetida
5.			Cinnamon
6.			Clove
7.			Ginger
8.			Black pepper
9.			Fennel seeds
10.			Cardamom

III Do you know if these spices can be used for something else other than cooking? Let us find out by reading the letter given below.

Dear Vikram and Vaibhavi,

Namaste! I just got your message that you are better now.

I am happy that the natural cures that I had shared, helped you. You should try to remember these cures and may share them with your friends. When I was a child, I learnt them from my grandmother. She used to find home remedies for most of the weather-related common illnesses. Let me share some of the benefits of the spices that most of us have in our kitchen.

Let me start with *haldi*, which is called turmeric in English. It helps in improving our energy level and digestion. It helps in reducing body pain too.

Next, let us take *methi*, which is called fenugreek in English. You will be surprised to know that it helps me in keeping my sugar level and my body weight in control. I need to soak the *methi* seeds overnight and drink the water in the morning.

- *Jeera* (cumin) seeds soaked in water overnight can also improve digestion and help cure sleeplessness.
- You know, when you were babies and had gas in your tummy, I used to put *heeng* (asafoetida) water on your tummy to give you some relief. *Heeng* can also help in controlling cough and cold.
- *Dalchini* (cinnamon) and *laung* (clove) give relief when we have toothache till we can consult a dentist.
- *Adrak* (ginger) is another herb that can help us when we have cough and cold. It also gives relief from pain. Do you know, ginger has been used in cooking for more than 4000 years? Even today, it is extensively used in cooking Indian food.
- *Kali mirch* (black pepper) is also helpful in digestion and can give us relief from body pain.
- You may have seen that at the end of a meal, *saunf* (fennel seeds) and *ajwain* (carom seeds) are served. It is because they help in the digestion of food.
- *Elaichi* (cardamom) also helps us with digestion and respiratory troubles in addition to curing bad breath.

Now, go into the kitchen and try to identify these herbs and spices. And remember, you must consult an elder before you use them.

My love and *aashirwaad* to both of you!

Yours affectionately,
Daadi

Let us think and reflect

I Read the given lines and answer the following questions.

'When I was a child, I learnt them from my grandmother. She used to find cures for most of the weather-related common illnesses in the kitchen.'

2. Give one example of weather-related common illnesses.
3. What kind of relationship did the speaker have with her grandmother?

II Fill in the blanks to complete the sentence.

Daadi soaked *methi* seeds overnight and drank the water in the morning to manage _____ and _____.

III Circle the spice that is **not** useful for body pain according to *Daadi's* letter.

- | | |
|-------------|-----------------|
| 1. Turmeric | 2. Fennel seeds |
| 3. Ginger | 4. Black pepper |

IV Why did *Daadi* ask Vikram and Vaibhavi to share the natural cures with their friends?

PEEPAL BABA

Rahul : *Maa*, have you heard about Peepal Baba? Our teacher told us about him today.

Mother : I have not heard about him. Who is he and what does he do?

Rahul : He plants trees along with his team. He also started a movement to plant and save trees.

Mother : That's wonderful. Where did he get this idea from?

Rahul : When he was studying in a school in Pune, his English teacher gave him the idea to plant trees. He was just 11 years old.

Mother : How did he plant so many trees all over the country as a child?

Rahul : He was born to an army officer's family in Chandigarh and whenever they were moved to a new city, he planted more trees.

Mother : But how did he come to be known as Peepal Baba?

Rahul : He used to plant Peepal and Neem trees as they have many uses for us and told others to do so. So, in the beginning, people made fun of him by calling him Peepal Baba but he was not bothered and continued to do his work. Now everyone calls him by that name lovingly.

Mother : He is really doing great work. We should learn from him and plant more trees.

Rahul : Yes, *Maa*. We must tell others to do the same.

Let us read

I

Prabhat always wanted to win. His parents, teachers, and friends said that he did not know how to accept **defeat**. The fact was that he could not bear losing, not even at marbles. He felt so good when he won that he never wanted to give up that feeling. **On the contrary**, losing made him feel **terrible**. He thought that losing was the worst thing that could happen to anyone.

If Prabhat **sensed** that he would lose a game, he would not play it. He would take part only when he was sure of winning, even if the game lasted only for a minute. You could not stop him from playing the kind of games he was really good at, like badminton.

A new student joined Prabhat's school, and his name was Surya. Surya was an excellent badminton player. Prabhat waited for the last Friday of the month. Last Friday was **significant**. This was when the coach **conducted** friendly matches in the games period. The teams were decided on Monday and it was no surprise when Prabhat and Surya were chosen to play a round against each other. Prabhat was given the responsibility of keeping score for their match. On one hand, Prabhat prepared for the match with great seriousness. Surya, on the other hand, seemed relaxed, not taking the things seriously at all. He walked about the

whole time, smiling and cracking jokes about all sorts of things. But on Friday, at the badminton court, Surya was a real **phenomenon**. He won points again and again, laughing and joking all the time. However, Surya was paying so little attention to the match that Prabhat managed to change the scoreboard while his opponent was looking elsewhere.

Prabhat managed to win by cheating. He made a big thing of his win, but it did not matter to Surya.

“It’s been fun. We should play again some other time,” said Surya.

Let us discuss

1. State whether the following is True or False.

Prabhat would accept losing to anyone easily.

2. What was special about the last Friday of each month?

3. Who was responsible for maintaining the score for the match?

4. Do you think Prabhat wished to play another match with Surya? Why do you think so?

II

On that day, everyone was discussing their game and how Prabhat had played so well. Surprisingly, Prabhat could not sleep well that night. He had won the game but he did not feel as happy as he usually did. What was surprising was that Surya did not feel bad about losing. What was more surprising was that Prabhat saw

Surya playing basketball the next day. Surya was so **hopeless** at it that he could not score a basket for ten minutes. Yet, he enjoyed playing the game. His happy smile never left his face.

Prabhat **kept a close watch on** Surya for some days. He was great at some things, terrible at others but what was common was the enjoyment. He enjoyed everything equally. As Prabhat went on with his observation, he realised that to enjoy a game, you did not need a scoreboard to keep a tally of your scores. Neither did you have to worry about winning nor losing. You needed to enjoy the game for its own sake. What matters is trying to do well, and enjoying every moment of it.

Prabhat learnt something through the observations every day, soon realising the change in himself. He had even begun playing hide and seek, and felt sad whenever it was about to end. He also started joking while playing badminton. Soon, the other students started talking amongst themselves, “Good fun playing with Prabhat, that fellow definitely has a great sporting spirit.”

Let us discuss

1. How did Surya feel about playing?
2. What was it about Surya that Prabhat observed?

Let us think and reflect

I Read the lines given below and answer the questions.

1. *If Prabhat sensed that he would lose a game, he would not play it. He would take part only when he was sure of winning, even if the game lasted only for a minute. You could not stop him from playing the kind of games he was really good at, like badminton.*
 - (i) Complete the sentence suitably.
Prabhat would play a game only if _____.
 - (ii) Which game was Prabhat good at playing?
 - (iii) Select the most suitable option to complete the sentence.
This behaviour of Prabhat tells us that he was _____.
A. good at the game B. sure to win C. afraid of losing
2. *Surprisingly, Prabhat could not sleep well that night. He had won the game but he did not feel as happy as he usually did. What was surprising was that Surya did not feel bad about losing. What was more surprising was that Prabhat saw Surya playing basketball the next day.*
 - (i) Select the one option that tells us about the way Prabhat was feeling that night.
A. hurt B. unhappy C. afraid D. focused
 - (ii) Why does Prabhat find Surya's behaviour 'surprising'?
 - (iii) Fill in the blank by choosing the most suitable option given in the bracket.
We can say that Surya's reaction to not winning was _____ (similar to/as serious as/different from)
Prabhat's.

II Answer the following questions.

- How did Prabhat's attitude towards winning and losing affect his enjoyment of games in the beginning?
- Why do you think Prabhat cheated in the beginning to win the badminton match against Surya?
- How did Surya's attitude differ from Prabhat's?
- Do you think Prabhat's approach to games was healthy? Why or why not?
- Why do you think sporting spirit is important?
- Explain how the title of the story, 'Change of Heart', is suitable.

YOGA—A WAY OF LIFE

Let us do these activities before we read.

2. What is 21st June known for? What do we do on this day?
3. List as many words you know related to yoga. Share them with your classmates.
4. Let us play the game of *Antakshari*. The first word is ‘yoga’. The next word must then begin with the letter ‘a’. This activity will go on and the whole class will participate and write the words on the blackboard. How many new words have you learnt?

Let us read

Yoga is a physical, mental, and spiritual practice that **originated** in ancient India. The word ‘Yoga’ comes from the Sanskrit root ‘yuj’, which means ‘to join’ or ‘to unite’. This symbolises the unity of mind and body; thought and action; **harmony** between human and nature. It is a holistic approach to health and well-being.

Sage Patanjali presented the ancient tradition of yoga in a systematic way in ‘Yoga Sutras of Patanjali’. He described yoga as the means to make the mind quiet and free from all **distractions**.

Yoga has become increasingly popular around the world due to its many health benefits.

Here are some of the benefits of yoga—

- Yoga postures (*asanas*) help to stretch and strengthen the muscles, increase flexibility, **endurance** and balance. This can improve overall physical fitness. This can also help to reduce body pains, such as lower back pain.
- Yoga involves breathing techniques and meditation, which can help to calm the mind and reduce stress and **anxiety**. It relaxes the mind, improves the quality of sleep and increases concentration.
- Yoga has been shown to **boost** the immune system. It can improve heart health by lowering blood pressure and improving circulation.
- Yoga can aid in weight loss by burning calories, and maintaining health.

Yoga promotes a sense of overall well-being. This is the reason why the benefits of practising yoga are internationally recognised. The World Health Organisation (WHO) on 20 June 2021, launched an App called WHO mYoga. The app contains a collection of videos and audio files to teach and support yoga practice. The aim was to have an easy-to-use and free tool for people across the world to encourage them to practise yoga.

We can start practising yoga at any given moment of time. We must remember that when we practise yoga *asanas* (postures), we do not just stretch the body. The mind has to be with the body. This is the reason why it should be practised without distractions. If each stretch is coordinated with the breath and awareness, our practice will become a yogic practise.

YOGA—A WAY OF LIFE

Namaste everyone!

I wish to share with you all that I do simple yoga exercises with my grandfather. He has been practising yoga since he was 16 years old. My grandfather is fit and strong even at the age of 65. I am sure that this is the result of many good habits. I know that eating a balanced diet regularly and making yoga a part of his life have been hundred per cent effective. When I accompany my grandfather to the park, I see so many people—young and old—doing yogic breathing exercises.

I like doing these exercises. Whenever I'm a little worried about an Inter-House competition, I always remember to do some of these exercises early morning that day. It relaxes me and makes me feel focused and calm. I plan on learning some *asanas* from my grandfather during the summer vacations.

Wish me luck!

“So, are you ready to meet your friends from all over the country?” the teacher asked the students sitting in the big hall.

“Yes!” was the loud answer from the class.

“Can someone tell me for which programme are we here?” the teacher asked.

“*Ek Bharat, Shreshtha Bharat*”, the students answered together again.

“Please raise your hand to tell me what it is all about,” the teacher said.

Many hands went up and some were jumping to answer. The teacher asked Renu. With a smile on her face, she said, “It is to know that we all belong to one nation and that is the bond we share. And our unity in diversity makes us the most wonderful country in the world.”

Let us discuss

1. What is the *Ek Bharat, Shreshtha Bharat* programme all about?
2. Why is this programme being conducted?

II

The teacher smiled at her as everyone clapped. Just then, Bala pointed out, “Look! The video has started!” The big screen now had little windows each with a smiling child. Each child had something to share.

Pranam! I am Aakansha from Uttarakhand. I am going to tell you about *Aipan*, our folk art, that we draw on family functions and festivals. It is done with white rice flour paste on brick-red walls coloured with *geru*. It is made on floors and walls of puja rooms, and outside the main door of the home. It is an art form made by the women in the family. The designs are very beautiful and mathematical, and are based on our cultural traditions, and observations of nature.

Aipan—Folk art

geru: red clay used as colour

Suprabhat! I am Priyaranjan from Odisha. My tribe practises a 4000-year-old metal craft named *Dhokra*. To begin, we make a figure with clay, dry it, and cover it with a layer of wax. Then, we *carve* the fine details on the wax. After that, we cover the figure with clay, and put it in the fire. The wax melts and comes out of small openings. Next, brass *scrap* is melted and poured into the empty space. The liquid metal takes the same shape as the wax.

Dhokra

carve: to make design with sharp tool

scrap: small unwanted pieces

Finally, we remove the outer layer of clay and finish the metal figure as we want.

Suprabhaatam! I am Chitra from Kerala. I want to tell you about coconut shell craft. First, we clean the outside and inside of a brown coconut shell. After that, we make it smooth by using sandpaper or a machine. Then we give it the shape we want, and make it **stable** by fixing a base under it. At last, we polish it using wood polish to make it shine. We make household things like bowls and even jewellery from the coconut shells. It is a **biodegradable** craft.

Coconut shell craft

Subhodayam! I am Balamurali from Andhra Pradesh. I want to tell you about the 400-year-old art of making toys in my village, Kondapalli. To make the toys, we take soft wood from the nearby hills. After that, we carve each part of the toy separately. Then, we use *makku*—a paste of **tamarind** seed powder and **sawdust** to join the pieces together. Next, we add details and finish the toys. Finally, we use oil and water-colours or vegetable **dyes** and **enamel** paints to colour them. These toys are based on folk stories, animals, birds, bullock carts, rural life, etc.

Kondapalli

stable: not able to move

biodegradable: something that will not harm the environment

tamarind: an edible sour fruit

sawdust: dust of wood

dyes: colours

enamel: paints that form a protective layer

Up in the air
See the kites fly,
Like coloured birds
In the wind-whipped sky.

I wish I were small
And light as air,
I would climb on a kite
And sail up there.

Then I would drift upon
The paper wings,
And hear the songs
That the wild wind sings.

What fun it would be
To look right down,
Over the park
And the rooftops of town.

The people below
Would stand and stare,
And wish they were me
High, high in the air.

III Find a set of words from the poem that begin with the same consonant sound.

Stanza 1

Which consonant sound do both words begin with?

Stanza 3

This is called **alliteration**. For example, **big bright blue bag, funny fan**, etc.

Create 4 other sets of words using alliteration.

IV In the last stanza, the two words that the poet repeats are _____, _____ to tell us that the kite is flying ___ y high.

V Study each stanza and underline the rhyming words from the end of each line. Also, circle the end words in the stanzas that do not rhyme.

Let us think and reflect

I Read the given lines from the poem and answer the following questions.

*What fun it would be
To look right down,
Over the park
And the rooftops of town.*

1. Circle the word that does **not** share the same feeling as 'fun': joy, excitement, care, happiness.

5. If you were the kite carrying the child high up in the air, what would you tell them?

Let us learn

I Look at the picture of the kite and read what some of its parts are named.

Now, complete the given conversation by filling the blanks with some ‘parts of a kite’ from above.

Bina : I like the long t _ _ _ at the end of my kite. What is your kite like?

Saroj : My kite’s c _____ is bright. The s _ _ _ e is black.

Bina : Oh wonderful! My kite’s l _ _ _ is attached to the r _ _ l that wraps it. I really like it.

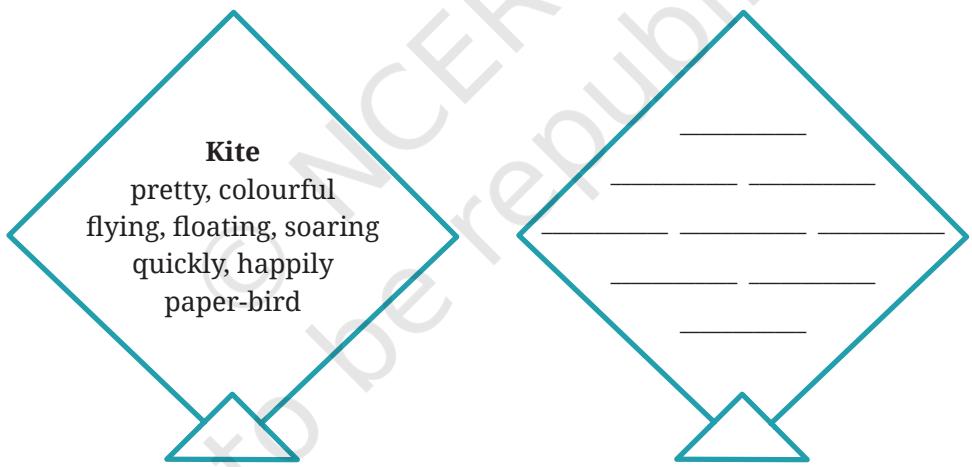

Saroj : Did you know that the tip of a kite is called a _ _ s _ ?

Bina : Wonderful! Thanks for letting me know. Let's go and fly our pretty kites.

II Let us create a poem using words in a kite!

The first line is the subject. Keep this to one word . Use a noun.	kite
The second line is two describing words for the noun.	pretty, colourful
Line three includes three action words.	flying, floating, soaring
Line four uses two words that describe the action words.	quickly, happily
Line five is one word that has the same meaning as the subject/synonym.	paper-bird

This is called a **cinquain** poem. It is a five line poem that describes a person, a place or a thing.

Now, create a cinquain poem yourself on anything you like.

III The poet uses the word 'fly' and 'drift' to tell us about the kite's movement.

1. Circle the words that match with the ‘drift’ movement. You can choose more than one word.

slow fast quick upward
downward round and round float

glide dive soar swoop circle

IV The poet has used expressions like—

up in the air; look right down; stay up there; stand and stare

1. Read how these expressions are used in the poem.
2. In pairs, make sentences using these expressions. Discuss with your teacher and then write in your notebooks.

Kathiawar embroidery

Let us read

- When you enter a tiny room in Moti Vavdi village, Bhavnagar, Gujarat, you will see lots of bright colours. There are many lovely things like cushions, bedcovers, pillows, and more, with beautiful designs. Ila Sachani, a wonderful lady with a big smile, makes all these using a shiny needle to create these designs. She is very good at *Kathiawar* embroidery—a style that needs a lot of skill.
- Ila Sachani's journey began in the quiet settings of Amreli, Gujarat, where she was born into a farmer's family. From the beginning, life presented its challenges, as Ila was born with her hands hanging loose by her sides. Unlike other children, she could not use her hands in the usual way. While other small hands drew figures in the sand or plucked wild flowers, she wondered why she could not join them. She too wanted to hold a chalk in her hands and draw figures on a slate.
- Ila's mother and grandmother encouraged the little girl and were single-minded to help her overcome her challenge. They were skilled in the traditional art of *Kathiawar* embroidery and decided to share this art with Ila. They taught her to create many

beautiful patterns using her feet! It was certainly not an easy task, but Ila accepted the challenge with **determination**. Her parents also helped her learn to do things with her legs, like eating and combing her hair.

4. Threading a needle was hard, but Ila did not give up and became an expert at a young age. Her younger brother and sister helped her too. She learned many styles, even ones from outside Gujarat—*Kachhi*, *Kashmiri*, *Lucknawi* and others.
5. For Ila, embroidery became a way to express herself. At first, she crafted fine designs only for her family and friends, who were **awestruck** by her talent. They talked about those designs to others. Soon, the people in the village, too, discovered Ila's special skill and the admiration for her work began to spread.
6. Word reached the government office in Surat. They were moved by Ila's story and impressed by her work. They decided to display some samples of her embroidery at a state exhibition. This experience opened new doors for Ila. People observed the beauty woven by her feet and readily purchased the creations. Ila was no more a hidden talent, but famous!

awestruck:

7. Encouraged by this **popularity**, Ila participated in more exhibitions, not just within the state but at the national level. She received many awards and honours, not just for her art but also the willpower and creativity that her work showed. Ila Sachani, once a farmer's daughter facing a tough challenge, worked hard and became a celebrated artist and receiver of the President's Medal.
8. The most important change for Ila was the new independence. Through her skill, she not only earned a regular income but also found joy in doing what she loved. She proved, through her creations, that challenges can be turned into victories with focus, hard work, positivity and never giving up.
9. Her embroidery, created with her feet, reminds us that art has the power to rise above physical boundaries and touch the soul.

KALAKRITIYON KA BHARAT

Namaste! You must be tired and hungry after listening to so many people. I am Sushil from Jabalpur in Madhya Pradesh. Let me tell you a unique dish of my district. It is called *gakkad bharta*. First, we make *gakkad* from wheat dough. Then, we make balls with that dough and roast them on high heat. To make *bharta*, we roast brinjals and tomatoes. Then we garnish the *bharta* with chopped onions, coriander, green chillis and salt. This food item is made without frying. To eat it, you simply crumble the *gakkad* and drizzle it with some *bharta* and a spoonful of ghee. Come to Jabalpur and try it!

Gujarat is the main centre of celebrations but *Uttarayan* is also celebrated in Rajasthan and Telangana. In Karnataka, the Tourism Department has also been organising the Kite Festival once each year. Punjab also celebrates this festival of kites during *Baisakhi* and *Basant Panchami*.

Kite flying is a tradition that is deep-rooted in Indian culture and the Kite Festival is one that is eagerly awaited. This is also a reason why people across India also fly kites to celebrate Independence Day. Happy kite-flying to all of you!

ILA SACHANI: EMBROIDERING DREAMS WITH HER FEET

Hello everyone! I'm here today to share some simple information about Kathiawar embroidery. This is a very old form of embroidery. It uses many bright colours and also uses many types of stitches, like the chain stitch. The embroidery is commonly seen on clothes and home decoration items. On clothes, it is seen on children's caps, *ghagra* skirts and men's traditional shirts. In this embroidery, a lot of mirror work is done by fitting small mirrors along with the stitches. Most commonly, the designs used are geometric shapes like squares and triangles. The design of flowers is also used. There is much more to share but I'll do that some other time.

Thank you!

You will listen to the audio or narration once again. As you listen, check your answers.
